

Hello PBCCS Community,

Thank you for your patience and understanding as we continue to follow the guidance of state and public health officials in the COVID-19 response.

Oregon's K-12 schools will be closed March 16 - March 31. During the closure scheduled school events, activities, meetings etc. are cancelled. We are planning on PBCCS students returning to school on Wednesday, April 1.

At this time, there are no confirmed cases of COVID-19 among the PBCCS students or staff.

We know you have many questions about how the closure will impact your family and the future - we do too. PBCCS will send regular updates to families during this time and will post current information on the website. We remain in constant communication with the Oregon Department of Education and the Oregon Health Authority.

Teachers will be communicating via email regarding academic activities. We encourage students to stay connected to their school work with the intention that they continue to practice skills, learn and grow. If technology is a challenge, your child's teacher can assist with options. Please look for communication from your child's teachers on Monday.

We know that events and changes like this can be difficult for children. Here is some information on how to help [children cope](#) during this stressful time.

PBCCS cannot thank you enough for your support and patience as we work through this evolving situation. These measures are intended to help protect the most vulnerable populations we serve and to safeguard students and employees as much as possible. We will continue to provide you updates as new information becomes available.

Stay healthy and take care.
