Happy Friday, Hawks!

As PBCCS navigates this difficult time, we are so amazed and grateful for the strength of this community. Thank you for sticking together, supporting each other, and staying positive as we all work through the challenges and changes in our daily lives.

Remote Learning

At PBCCS we have been busy developing plans and tools for students to continue to learn remotely. Teachers will be communicating expectations for remote learning and will establish routines and structures to support students and families. After spring break you can look forward to:

- Virtual lessons
- Training webinars
- Support tools and check-ins
- Livestream enrichment activities
- Family fun opportunities

Please help us by providing your input on the first set of Remote Learning Plans by completing this [SURVEY](#). Your feedback will help guide our future planning and help us support you and your child in this process. We thank you and are appreciative of your partnership.

Check out the attached suggestions to help guide you and your child for success in remote learning. Today's tip is: ***Family Fun & Organization***.
