

## Electronic Communications System

The Board recognizes that PBCCS has implemented an electronic communications system network, which includes wired and wireless internet access. The Board believes that the network shall allow unique opportunities for students, staff and guests to facilitate resource sharing, innovation and communication.

By creating this network, the Board intends to provide a means for educational and professional development activities but does not intend to create a first amendment forum for free expression purposes. The network's primary purpose shall be for the advancement and promotion of learning and teaching.

PBCCS makes no warranties of any kind, either express or implied, that the functions or the services provided by or through the district network shall be error-free or without defect. PBCCS shall not be responsible for any damage users may suffer, including but not limited to, loss of data or interruptions of service. PBCCS shall not be responsible for financial obligations arising through the unauthorized use of the network.

PBCCS shall follow the provisions of the Children's Internet Protection Act which include:

1. Technology protection measures, installed and in continuous operation, that protect against internet access by both adults and minors to visual depictions that are obscene, child pornography or, with respect to the use of the computers by minors, harmful to minors;
2. Educating minors about appropriate online behavior, including cyberbullying awareness and response, and how to interact with other individuals on social networking sites and in chat rooms;
3. Monitoring the online activities of minors;
4. Denying access by minors to inappropriate matter on the internet and world wide web;
5. Ensuring the safety and security of minors when using electronic mail, chat rooms and other forms of direct electronic communications;
6. Prohibiting unauthorized access, including so-called "hacking" and other unlawful activities by minors online;
7. Prohibiting unauthorized disclosure, use and dissemination of personal information regarding minors;
8. Installing measures designed to restrict minors' access to materials harmful to minors.

Failure to abide by board policy and administrative regulations governing use of PBCCS's system may result in the suspension and/or revocation of system access. Additionally, student violations shall result in discipline up to and including expulsion. Staff violations shall also result in discipline up to and including dismissal. Violations of law shall be reported to law enforcement officials.

END OF POLICY
