Student Rights and Responsibilities

Among these student rights and responsibilities are the following (Board policy JF/JFA):

1. Civil rights – including the right to equal educational opportunity and freedom from discrimination, the responsibility not to discriminate against others;
2. Once admitted to the responsibility to attend school regularly and to observe school rules essential for permitting others to learn at school;

Conferences

Students and parents may also expect teachers to request a conference if:

1. The student is not maintaining progress or achieving the expected level of performance;
2. The student is not maintaining behavior expectations;
3. Any other case the teacher considers necessary.

PBCCS encourages a parent or student in need of additional information or with questions or concerns to confer with the appropriate teacher or staff member. A parent who wishes to conference with a teacher may call the office or email the teacher directly for an appointment before or after school, during the teacher's preparation period or request that the teacher call the parent and to arrange a mutually convenient time.

Damage to School Property

A student who is found to have damaged school property will be held responsible for the reasonable cost of repairing or replacing the property. The school will notify students and parents of all such charges.

Discipline and Due Process

A student who violates the Student Code of Conduct shall be subject to disciplinary action.

A student's due process rights will be observed in all such instances, including the right to appeal the discipline decisions of staff and administrators.

Discipline at PBCCS is based upon a philosophy designed to produce behavioral changes that will enable students to develop the self-discipline necessary to remain in school and to function successfully in their educational and social environments.

Disciplinary measures are applied depending on the nature of the offense and without bias. The age and past pattern of behavior of a student will be considered prior to any suspension or expulsion.

In addition, when a student commits substance abuse, drug or drug paraphernalia, alcohol- and/or tobacco-related offenses or any other criminal act, they may also be referred to law enforcement officials. Violations of the PBCCS weapons policy, as required by law, shall be reported to law enforcement.

Discipline of Students with Disabilities

When a student being served by an individualized education program (IEP) engages in conduct which would warrant suspension of more than 10 days or expulsion for a student without disabilities, the student's parents will be notified immediately (within 24 hours) of the circumstances of the misbehavior and the time and location of the student's IEP team meeting addressing the infraction and its relationship to the disability.

The IEP team will determine whether the misconduct is a manifestation of the student's disability. Should the IEP team conclude the misconduct has no relationship to the student's disability, the student may be disciplined in the same manner as would other students.

If the IEP team concludes the misconduct is a consequence of the student's disability, the team may review and revise the student's IEP and determine whether a change in placement is needed. PBCCS may not suspend for more than 10 days or expel a student with a disability or terminate educational services for any behavior which is a manifestation of the disability.

A student may be removed from the current educational placement to an appropriate interim alternative educational setting for the same amount of time that a student without a disability would be subject to discipline, but for not more than 45-calendar days in a school year for a drug or weapon violation as provided in public charter school procedures. Additionally, the district may request an expedited due process hearing to obtain a hearing's officer's order to remove a student to an interim alternative educational setting for not more than 45 days if the student is exhibiting injurious behavior. For the purpose of this request, "injurious behavior" is defined as behavior that is substantially likely to result in injury to the student or to others.

This is in coordination with Board policy JGDA and Crook County School District policy and administrative regulation.

Expulsion

Students may be expelled for any of the following circumstances:

1. When a student's conduct poses a threat to the health or safety of students or employees;
2. When other strategies to change the student's behavior have been ineffective, except that expulsion may not be used to address truancy;
3. When required by law.

PBCCS shall consider the age of the student and the student's past pattern of behavior prior to imposing the expulsion. The use of out-of-school expulsion of a student in the fifth grade or below, is limited to:

1. Non-accidental conduct causing serious physical harm to a student or employee;
2. When a school administrator determines, based on the administration's observation or upon a report from an employee, the student's conduct poses a threat to the health or safety of students or employees; or
3. When the expulsion is required by law.

No student may be expelled without a hearing unless the student's parent or the student, if 18 years of age, waives the right to a hearing, either in writing or by failure to appear at a scheduled hearing.

An expulsion shall not extend beyond one calendar year.

The public charter school will provide appropriate expulsion notification including expulsion hearing procedures and student and parent rights as required by law. This is in coordination with Board policy JGD and ORS 339.250.

Suspension

A student whose conduct or condition is seriously detrimental to the school's best interests may be suspended for up to and including 10 school days. A student may be suspended for one or more of the following reasons:

1. Willful violation of Board policies, administrative regulations or school rules;
2. Willful conduct which materially and substantially disrupts the rights of others to an education;
3. Willful conduct which endangers the student, other students or staff members;
4. Willful conduct which damages or injures district property.

PBCCS may require a student to attend school during non-school hours as an alternative to suspension.

An opportunity for the student to present their view of the alleged misconduct will be given. Each suspension will include a specification of the reasons for the suspension, the length of the suspension, a plan for readmission and an opportunity to appeal the decision.

Every reasonable and prompt effort will be made to notify the parents of a suspended student.

While under suspension, a student may not attend after-school activities and athletic events, be present on school property or participate in activities directed or sponsored by the school.

School work missed by a student while on suspension may be made up upon the student's return to school if the work missed reflects achievement over a greater period of time than the length of the suspension. For example, a student will be allowed to make up final, midterm and unit examinations without an academic penalty.

Distribution of Materials

All aspects of K-8 school-sponsored publications, including web pages, newsletters, social media and yearbooks, are completely under the supervision of the school staff.

Written materials, handbills, photographs, pictures, petitions, films, tapes or other visual or auditory materials may not be sold, circulated or distributed on public charter school property by a student or a nonstudent without the approval of the administration.

Materials not under the editorial control of PBCCS may be subject to administrative review, restriction or prohibition, based on legitimate educational concerns. Such concerns include whether the material is defamatory; age appropriate to the grade level and/or maturity of the reading audience; poorly written or inadequately researched; is biased or prejudiced; not factual; or not free of racial, ethnic, religious or sexual bias.

Materials that include advertising that is in conflict with public school laws, rules and/or Board policy, deemed inappropriate for students or may be reasonably perceived by the public to bear the sanction for approval of PBCCS.

All material requests for distribution require administrator approval.

If material is not approved within 48 hours of the time that it was submitted, it must be considered non-approved.

PBCCS may designate the time, place and manner for distribution.

A non-approval may be appealed to the administrator. If the material is not approved by the administrator within three days is considered non-approved. The non-approval may be appealed to the Board at a regular meeting, when the individual shall have a reasonable period of time to present their viewpoint (See Board policy KL).

Dress and Grooming

The PBCCS dress code is established to promote appropriate grooming and hygiene, prevent learning disruptions and avoid safety hazards. School is the student's workplace, and just as adults in jobs have dress standards, so does PBCCS. Students are expected to dress simply and neatly. ***Students may not wear clothing that advertises violence, alcohol, tobacco, drugs or have an inappropriate message.*** If clothing is deemed inappropriate, students will be asked to change at school or have a parent bring a change of clothes.

In keeping with the goal to establish a positive learning environment for all students, the following guidelines were established:

1. Hats/Headwear: Hats, hoods and headwear must be taken off in the building. Exceptions may be made by the administrator.
2. Shoes must be worn at all times at school.
 - a. Grades K-5: Close toed shoes must be worn at school. Open-toed shoes, such as flip-flops are not permitted, for safety purposes.

Drug, Alcohol and Tobacco Prevention Program

The possession, selling and/or use of illegal and harmful drugs, alcohol, tobacco products and inhalant delivery systems are strictly prohibited. This includes substance abuse and drug paraphernalia. This prohibition applies during the regular school day and/or at any school-related activity, regardless of time or location and while being transported on public charter school-provided transportation. Students in violation of the school's policy will be subject to disciplinary action and referral to law enforcement officials, as appropriate, in accordance with the Student Code of Conduct.

Since drug, alcohol and tobacco use is illegal for students and interferes with both effective learning and the healthy development of students, PBCCS has a fundamental and ethical obligation to prevent drug, alcohol and tobacco use and to maintain a drug-free educational environment.

An aggressive intervention program to eliminate drug, alcohol and tobacco use has been implemented throughout the public charter school. As part of this program, an age-appropriate drug, alcohol and tobacco prevention curriculum is implemented. This also includes staff training in school procedures for the identification and referral of students whose behavior is interfering with their potential success socially, emotionally, physiologically and/or legally as a result of illegal drug, alcohol and tobacco use.

Parents are encouraged to contact the Student and Family Services Coordinator for information on school and community resources available to assist students in need.

Electronic Communications System

Students may be permitted to use the school's electronic communications system only to conduct business related to the management or instructional needs of the public charter school or to conduct research related to education consistent with the public charter school's mission or goals. The public charter school's electronic communications system meets the following federal Children's Internet Protection Act (CIPA) requirements:

8. Measures designed to restrict students' access to materials harmful to students have been installed.

PBCCS retains ownership and control of its computers, hardware, software and data at all times. All communications and stored information transmitted, received or contained in the school's information system are the school's property and are to be used for authorized purposes only. Use of PBCCS equipment or software for unauthorized purposes is strictly prohibited. To maintain system integrity, monitor network etiquette and ensure that those authorized to use the public charter school's system are in compliance with Board policy, administrative regulations and law, school staff may routinely review user files and communications. Files and other information, including email, sent, received, generated or stored on public charter school servers are not private and may be subject to monitoring.

By using the PBCCS system, individuals consent to have that use monitored by authorized PBCCS personnel. PBCCS reserves the right to access and disclose, as appropriate, all information and data contained on school computers, devices and the school-owned e-mail system.

Students who violate Board policy, administrative regulations, including general system user prohibitions, shall be subject to discipline up to and including expulsion and/or revocation of system access up to and including permanent loss of privileges. Emergency drills are practiced routinely per the requirements of law and state recommendations. Drills and instruction on safety threats includes procedures related to lockdown, lockout, shelter in place, evacuations and other actions to take when there is a threat to safety. Additional drills and instruction is provided for fire and earthquake dangers. Emergency procedures are posted in all classrooms and reviewed with students. Students are expected to follow procedures and instructions with respect and efficiency.

Emergency Medical Treatment

A student who becomes ill or is injured at school must notify a teacher or another staff member as soon as possible. In the case of a serious illness or injury, the school shall attempt to notify parents according to information provided on emergency forms submitted by parents. Parents are encouraged to update

this information as often as necessary.

If the student is too ill to remain in school, the student will be released to the student's parents or to another person as directed by parents on the student's emergency form.

School staff may administer emergency or minor first aid, if possible. The school will contact emergency medical personnel, if necessary, and will attempt to notify the student's parents whenever the student has been transported for treatment.

Emergency School Closure Information

PBCCS will follow Crook County School District in the case of hazardous or emergency conditions. In extenuating circumstances, PBCCS may choose to differ from district. Such alterations include; closure of school, closure of selected grade levels, delayed opening, and/or early dismissal of students and modified bus routes. Announcements will be made via email, social media and the school website.

Extracurricular Activities

All students, regardless of their ability levels, are encouraged to take part in extracurricular activities and the many worthwhile learning experiences that involvement in student organizations, athletics and other activities has to offer.

Interested students should contact the office for additional information. PBCCS students in grades K-8 may participate in their resident district's activities that are offered before and after regular school hours.

Field Trips

Field trips are an integral part of PBCCS' place-based education mission and program. Field trips may be scheduled for educational, cultural or extracurricular purposes. All students are considered to be "in school" while participating in PBCCS sponsored field trips. This means students are subject to the school's student code of conduct, applicable Board policy and such other rules as they may be deemed appropriate by the field trip supervisor.

Flag Salute

Students will be provided an opportunity to salute the United States flag at least once a week by reciting The Pledge of Allegiance. Individual students who do not participate in the salute must maintain a respectful silence during the salute.

Although HIV, AIDS and HBV are serious illnesses, the risk of contracting the disease in school is extremely low and generally limited to situations where non-intact skin or mouth, eye or other mucous membranes would be exposed to blood or any body fluids contaminated with blood from an infected person. Since any risk is serious, however, the PBCCS requires that staff and students approach infection control using standard precautions. That is, each student and staff member is to assume all direct contact with human blood and body fluids is regarded as known to be infectious for HIV, AIDS, HBV and/or other infectious diseases.

HIV, HBV, AIDS - Students

A student infected with HIV, HBV or AIDS is entitled to remain in a regular classroom setting and eligible for all rights, privileges and services as provided by law and Board policy. PBCCS recognizes that a student (parent) has no obligation to report an HIV, HBV or AIDS condition diagnosis to the school. If the school is informed, PBCCS is also prohibited by law from releasing information unless the infected person or parent gives permission for such release. If a student (parent) wishes to divulge such information and continues attending school, the school will meet with the infected individual or representative to develop appropriate procedures. Individuals with questions regarding these requirements of law or public charter school procedures should contact the administrator.

Administration and staff at PBCCS are committed to providing students with meaningful opportunities to learn and communicate with others, in a safe environment, through a wide range of technology.

During school activities teachers and other staff will guide students toward appropriate materials. With the increased access to web content and resources, schools are committed to monitoring appropriate use in and out of the classroom. That said, students are expected to be responsible stewards of the hardware, internet access, and the content they share and consume online. PBCCS is committed to fostering an environment where our students can develop into contributing citizens, on and offline.

PBCCS will regularly review the Responsible Use Guidelines and Agreement with student(s) during the school year. We request that you, too, take the time throughout the year to review these guidelines and agreement with your child to reinforce the importance of an appropriate and responsible online.

PBCCS guidelines are intended to promote the most effective, safe, productive, and instructionally sound uses of technology tools. PBCCS makes a good faith effort to protect its students from exposure to internet materials that are harmful or explicit. PBCCS maintains a robust system of internet content filtering on PBCCS provided devices at school and at home.

Digital Citizenship

PBCCS staff and students use technology in meaningful, safe, and responsible ways while at school and at home. Digital citizenship means:

- Respect for one's self: Users will nurture an appropriate and respectful online presence, and will purposefully consider information and images before and after posting online.
- Respect for others: Users will refrain from using technologies to bully, tease, or harass other people.
- Respect for Intellectual Property: Users will suitably cite any and all use of websites, books, media, etc. while adhering to Fair Use practices.
- Protect one's self and others: Users will protect themselves and others by immediately reporting abuse and by not forwarding inappropriate materials or communications.
- Protect personal data: Users will not share personal logins and passwords and are urged to update passwords regularly. Users should not share personal information (name, address, phone number, etc) in online forums or other electronic communications. Users will not share information belonging to other users.

Expectations

Responsible use of PBCCS technology resources is to be ethical, respectful, academically honest, and supportive of the school's mission. Each user has the responsibility to respect every other person in our community and on the internet. Digital storage and electronic devices used for school purposes will be treated as extensions of the physical school space.

Administrators, or their designees, may review files and communications (including electronic mail) to ensure that users are using the system in accordance with school policy and guidelines. Users should not expect that files stored on school servers or within Google Drive, to be private. Vehicles/Bicycles/Skateboards on Campus

Vehicles parked on public charter school property are under the jurisdiction of the school.

Bicycles ridden to school by students must be parked in the designated area on school grounds and should be locked. Students under the age of 16 must wear a helmet as required by law. PBCCS strongly discourages students from riding bicycles to school, due to the traffic danger on the highway.

Due to the inherent dangers both to participant and nonparticipant, combined with the potential liability assumption, the use of skateboards, rollerblades, scooters or similar devices on district grounds is prohibited. Skateboards/Rollerblades/Scooters or similar devices are prohibited on school property during school hours unless special permission is given by the administrator for a specific activity. Skateboards, rollerblades, scooters or similar devices will be confiscated by school authorities and placed in the office for parents to retrieve.

Use of skateboards/rollerblades/scooters on school property during nonschool hours is at the user's risk.

PBCCS assumes no liability for loss or damage of personal property, including vehicles, bicycles or skateboards, or to injuries caused in the use of them.

Visitors

Parents and other visitors are encouraged to visit public charter school schools. Arrangements must be made at least one day in advance. Students will not be permitted to bring visitors to school without prior approval of the administrator.

Volunteers
