We are seeing COVID-19 impact our PBCCS students and families. We committed to keeping the PBCCS doors open for in-person learning, but we need your help:

- Keep your student home if they are feeling sick.
- Follow all recommendations from your health care provider if you or your child has been exposed to COVID-19.

Thank you for helping us keep our students and staff safe and healthy!

### **Facilities Update**

Water at PBCCS is SAFE for drinking! Our water testing came back good. While our plumbing issues are not completely resolved, we are happy to be up and running at full capacity.

Our new modular classroom is almost ready for use. The electrical is being installed this week. Shade sails and tents are up for outdoor learning!

We are so grateful for some awesome community helpers that are making great things happen at PBCCS.
