
Suspected Sexual Conduct Report Procedures and Forms

The school posts in each school building the names and contact information of the school employees designated for the respective school building to receive reports of suspected sexual conduct and the procedures the designee(s) will follow upon receipt of the report.

When a designated licensed administrator receives a report of suspected sexual conduct that may have been committed by a commission licensee¹, the designee shall notify the Teacher Standards and Practices Commission (TSPC). The designee shall notify the Oregon Department of Education (ODE) if the administrator receives a report of suspected sexual conduct that may have been committed by a school employee, contractor, agent or volunteer that is not a commission licensee.

If the administrator is the alleged perpetrator the report shall be submitted to the designee who shall also report to the Board chair.

When the designee receives a report of suspected sexual conduct by a school employee, and there is reasonable cause to support the report, the school shall place the school employee on paid administrative leave² and take necessary actions to ensure the student's safety. The employee shall remain on leave until TSPC³ or ODE⁴ determines that the report is substantiated and the school takes appropriate employment action against the employee, or cannot be substantiated or is not a report of sexual conduct and the school determines either: 1) an employment policy was violated and the school will take appropriate employment action against the employee; or 2) an employment policy has not be violated and an employment action against the employee is not required.

When the designee receives a report of suspected sexual conduct by a contractor, an agent or a volunteer, the school may prohibit the contractor, agent or volunteer from providing services to the school.

Upon request from ODE or TSPC the school will provide requested documents or materials to the extent allowed by state and federal law.

The name, address and other identifying information about the employee who made the report are confidential and are not accessible for public inspection.

¹ "Commission licensee," as is defined in ORS 342.120 (as amended by HB 2136 (2021)), means a person whom the TSPC has authority to investigate or discipline because the person is enrolled in an approved educator preparation program, is an applicant for a TSPC license or registration, holds a license or registration issued by TSPC, or has held a license or registration issued by the TSPC at any time during the previous five years.

² The public charter school employee cannot be required to use any accrued leave during the imposed paid administrative leave.

³ TSPC investigates reports on commission licensees.

⁴ ODE investigates reports on persons who are not commission licensees.

An “investigation” means a detailed inquiry into the factual allegations of a report of suspected sexual conduct that is based on interviews with the person who initiated the report, the person who may have been subjected to sexual conduct, witnesses and the person who is the subject of the report, and results in a finding that the report is a substantiated report, cannot be substantiated, or is not a report of sexual conduct. If the subject of the report is a school employee represented by a contract or a collective bargaining agreement, the investigation must meet any negotiated standards of such employment contract or agreement.

Nothing prevents the school from conducting its own investigation, unless another agency requests to lead the investigation or requests the public charter school to suspend their investigation, or taking an employment action based on information available to the school before an investigation conducted by another agency is completed. The school will cooperate with agencies assigned to conduct such investigations.

A “substantiated report” means a report of sexual conduct that TSPC or ODE determines is founded.

If, following the investigation, the school decides to take an employment action, the school will inform the school employee of the employment action to be taken and provide information about the appropriate appeal process. The employee may appeal the employment action taken through an appeal process administered by a neutral third party.

If the school is notified that the employee decided not to appeal the employment action or if the determination of an appeal sustained the employment action, the school shall create a record of the findings of the substantiated report and the employment action taken by the school will be placed in the records on the school employee maintained by the school. Such records created are confidential and not public records as defined in Oregon Revised Statute (ORS) 192.311, however the school may use the record as a basis for providing information required to be disclosed about a school employee under ORS 339.378(1). The school will notify the employee that information about substantiated reports may be disclosed to a potential employer.

The public charter school shall provide information and training each school year to school employees on the following:
