

Talented and Gifted Program

Powell Butte Community Charter School is committed to an educational program that recognizes, identifies, and serves the unique strengths and needs of students identified as talented and gifted. Talented and gifted students demonstrate exceptional performance when compared to applicable developmental or learning progressions, with consideration given for variations in student's opportunity to learn and to culturally relevant indicators of ability.

The Board directs the administration to develop procedures for identifying talented and gifted students. (See Board policy IGBBA – Identification - Talented and Gifted) The Board further directs the administration to develop a written plan of instruction for talented and gifted students, in accordance with law, that:

1. Includes a statement of the school policy on the education of talented and gifted students (this policy);
2. Identifies and assesses special talented and gifted programs and services available in the school;
3. States goals related to providing such programs and services, including timelines for achievement;
4. Describes the programs and services intended to accomplish stated goals;
5. Describes how PBCCS provides parents an opportunity to discuss and to provide input on programs and services for their child;
6. Describes how PBCCS will evaluate progress of the plan; and
7. States the name and contact information for the school's talented and gifted designee.*

PBCCS shall submit such plan to the Oregon Department of Education (ODE) as directed and will annually report the name and contact information of the District's TAG coordinator to ODE.

*For the list of complete requirements of the plan, see ORS 343.397(1).

Complaints regarding programs and/or services can be filed in accordance with the procedure in the accompanying administrative regulation, IGBBA-AR - Complaints Regarding the Talented and Gifted Program and/or Services.
